

PROFILE

MILES PEACOCK

EXECUTIVE SUMMARY

Miles is a creative management trainer and coach, with a background of working in manufacturing and services sectors. Noted for creating learning environments, which offer support and challenge and an emphasis on fun, he is experienced in working with all levels of management. Miles has experience across a varied number of business sectors in both the design and delivery of high-level leadership and coaching contracts. Miles has worked with clients to design bespoke solutions to very real business issues, at individual, team and organisational levels. Over the years, he has worked with companies in IT, Manufacturing, Engineering, Media, Technology, Finance and Government Organisations sectors.

AREAS OF SPECIALTY

Leadership and Executive Coaching

Miles has coached in the areas of executive and leadership coaching, career coaching, life coaching and in sports. Coaching can be part of an integrated leadership programme or as a stand-alone activity. He has coached in the areas of skill-development, behaviour/attitude change, problem-solving and social competence plus many others, including feedback using 360 degree or psychometric inventories. He also trains managers in coaching skills.

Facilitation

He also works as a facilitator and has designed and facilitated events in the areas of conflict resolution/mediation, strategy development, team building, leadership training and resource planning.

CLIENTS

In the past few years Miles has coached and trained managers and leaders in organisations such as BMW Group, Rudolph and Hellmann Automotive, Parmenion, JD Williams, Scottish Borders Council, C Tech Innovation, Daisy Telecommunications and many more.
