STRATEGIC LEADERSHIP

PROFILE

JOHN JUHASZ

EXECUTIVE SUMMARY

John is an accomplished leader, trainer and facilitator with over two decades of corporate experience across multiple industries. John specializes in guiding and facilitating teams and executives toward clarity, actionable decisions, and impactful results.

With a proven global record, John knows that people run businesses and how to engage people into exchanges and debates with a results-oriented approach in order to deliver results in complex environments.

AREAS OF SPECIALTY

Global Leadership

John equips executives with tools to navigate multicultural environments, drive strategy, and achieve sustainable results globally.

Facilitated Collaboration

John fosters collaboration through workshops and platforms that build trust, clarity, and actionable outcomes.

People-Driven Transformation

John drives transformation by aligning leadership, strategy, and culture through a people-centric approach.

Interdisciplinary Business Communication

As a DHBW lecturer, John blends theory and practice to enhance communication across functions, industries, and cultures.

Diversity & Inclusion

John makes diversity and inclusion core to leadership, enabling leaders to create strategies that leverage diverse perspectives.

Generational Succession

John helps organizations prepare future leaders with programs addressing generational shifts.

CLIENTS

John has trained and coached executives and leadership teams from companies such as BMW Group, adidas Group, BMG Rights Management, The Fabricant, Siemens Healthineers, Reebok and collect Artificial Intelligence.
